Fred T. Lopez  
1772 - 22nd Street  
Ogden, UT 84401

Dear Mr. Lopez:

RE: Utah State Mineral Lease ML 35683 Volcanic Material  
Notice of Intent to Operate Submitted April 2, 1986

Thank you for your visit today which clarified your Plan of Operation submitted in April. With the following stipulations, you may proceed with your operation as outlined in the plan, up to the 5,000 tons of pumice which you indicated you wished to mine at today's meeting:

1. All disturbance resulting from your operations will be fully reclaimed in compliance with the lease and to the satisfaction of the Division of State Lands and Forestry.
2. Before beginning operations, a surety bond in the amount of \$2,000 must be posted and accepted by the Division to insure reclamation.
3. Compliance with the State Antiquities Act forbidding disturbance of archeological, historical, or paleontological remains; and, immediate suspension of operations and notification of the Division of State History in the event such remains are encountered.
4. Upon completion of operations to mine the initial 5,000 tons, a new plan of operations must be submitted before operations continue.

[Granting this approval does not alleviate the necessity to comply with the requirements of the Division and Board of Oil, Gas, and Mining, regarding this development. You must contact them and comply with their requirements before beginning any work. Their address is: Division of Oil, Gas, and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City, UT 84180-1203.

If you have further questions concerning this matter, please contact me.

Sincerely,

JERRY W. MANSFIELD  
MINERAL RESOURCES SPECIALIST

7/25 MR. LOPEZ INDICATED THAT  
HE WOULD STAY WITHIN THE  
2 AC/500 T. EXEMPTION  
UNTIL HE FINISHED HIS MR-1  
OR HEARD FROM US CONCERNING OUR  
NEW REG. CHARGE. DMW
